MUST University :
Higher Education for a Changing World

MUST University is founded by a group of highly accomplished scientists and academics who graduated from world-renowned universities in North America, Japan, Europe, and Tunisia.

The founders include Deans, Provosts, CEOs of technology companies, and distinguished researchers and professionals. Several are among the top 2% of scientists, worldwide, in their respective fields.

Most of the founders are among the distinguished academic community residing abroad. All share a commitment to contribute to the region's development, enhance its human capital, and make MUST a platform to reverse brain drain and help modernize higher education systems in the region.

MUST University offers undergraduate, graduate, Executive Master, and professional certification programs focusing on various aspects of the digital, AI, and green transformations. It is a pioneer in the application of innovative pedagogies including blended, active, and service learning.
